

A water based slow drying semi transparent glaze that dries to give a mat washable finish. Colourwash can be used to give a subtle fresco effect to any interior walls. Its easy to use formulation makes it possible to use different tools to obtain various paint effects.

USAGE

Interior masonry.

PREPARATION

Before applying Badigeon, your surface must be rendered non-absorbant. To do this our Kyoto H²O mat paint is the ideal paint for the situation.

TECHNIQUE

Consult our How To sheet for the various techniques possible.
